Dear Prospective CHIP Member:

As you review the coverage available through the CHIP program, we would like to share the following information.

You may select a \$1,000, \$1,250 (HSA-Qualified Plan), \$5,000 or \$10,000 deductible plan. Medical expenses that are considered eligible for reimbursement will be paid after the Calendar Year Deductible has been satisfied in full. This includes all eligible medical expenses (i.e., doctor's charges, hospital charges, prescription drugs, oral surgery, physical therapy, chiropractic services, etc.).

Many CHIP members have inquiries specifically regarding prescription drugs. Eligible prescription drugs are reimbursed at 80% after the Calendar Year Deductible has been satisfied. There is no drug card. You are responsible for payment of the prescription drug cost to the pharmacy at the time of purchase. You must then submit a claim to BlueAdvantage Administrators for reimbursement. Please note that mail order programs are not covered under your CHIP policy.

We hope that this information will be helpful to you. If you have any questions, please contact our Customer Service Division at 1-800-285-6477.

Sincerely,

BlueAdvantage Administrators of Arkansas  
Customer Service Division
