

DENTAL BULLETIN

WINTER 2015/2016

Sheila arrives, Linda retires

The Arkansas Blue Cross and Blue Shield Dental Network Development team is saying hello to Sheila Ward and goodbye to Linda Duelmer.

Sheila, a registered dental hygienist, recently worked at Jines Family Dentisty and is currently serving in the Army National Guard as a dental assistant. She served two deployments to Iraq as a military police officer.

Linda, who has been with Arkansas Blue Cross and Blue Shield since 1989, has worked in Utilization Review, Group Underwriting and Marketing, Medi-Pak HMO, and has been a dental network development representative for 12 years. Sheila will be taking Linda's dental network development area while learning more about the position.

"Her providers and I will miss her greatly," Debbie said of Linda. "Thank goodness my family members and hers have become very close and I will continue to see her outside the office!"

"Linda is really a joy to work with," said Dan Stevens, Director of Provider Network Operations. "She is always upbeat and really adds such a positive spirit to the division. She understands that building relationships with our providers is key for our business. When I have attended events with Debbie (Jines) and Linda for the Arkansas Dental Association or other meetings in the dental community, Linda's providers and even their family members interact with her like it's a family gathering. They obviously trust her and genuinely care about her. I will miss Linda professionally and personally."

Welcome to all our NEW PROVIDERS!

ICD-10 guidelines for paper claim submissions

All claims submitted to the Arkansas Blue Cross and Blue Shield and its family of companies, including paper claims, must apply the following ICD-10 compliance guidelines. The switch to ICD-10 was mandated on October 1, 2015.

For CMS-1500 (02/12) claim form:

Claims with dates of service prior to October 1, 2015, must be filed using ICD-9 indicator of nine (9) and ICD-9 diagnosis codes in Box 21. Claims with dates of service on or after October 1, 2015, must be filed using ICD-10 indicator of (0) and ICD-10 diagnosis codes in Box 21.

Claims cannot have dates of services prior to October 1, 2015 and on or after October 1, 2015. Separate claims must be filed and appropriate ICD codes used based on the October 1, 2015 compliance date.

For UB-04 claim form:

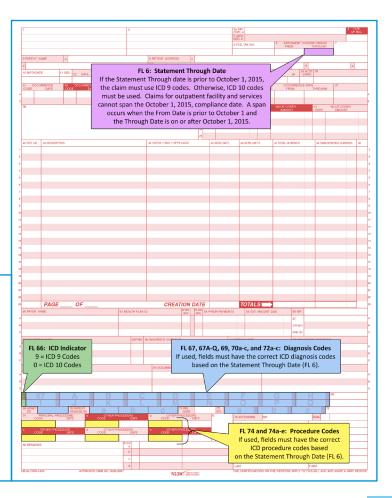

Claims with a Statement covers period through date in form location FL 6 prior to October 1, 2015, must be filed using ICD-9 indicator of nine (9) in FL 66, ICD-9 diagnosis codes as needed in FL 67, 67A-Q, 69, 70a-c, and 72a-c, and ICD-9 procedure codes as needed in FL 74 and 74a-e. Otherwise, claims with a through date (FL6) on or after October 1, 2015, must be filed using ICD-10 indicator of zero (0) and ICD-10 diagnosis and procedure codes in the appropriate form locations.

14. ADTE OF CUMPNING LANGER, NUMBER OF PROGRAMACY AMP IS OTHER DATE MAY DO BY THE PROGRAM OF THE

Claims for outpatient facility and services cannot span the October 1, 2015 compliance date. The claims must be split and filed separately with the appropriate ICD codes."

Claims affected by these guidelines include claims submitted to Arkansas Blue Cross, BlueAdvantage Administrators of Arkansas, USAble Administrators, Health Advantage, Medi- Pak® Advantage, Federal Employees Program, Metallic Plans on the Arkansas Exchange, and includes claims for other Blue Plan members.

For detail instructions on how to properly complete the CMS-1500 (02/12) claim form, Arkansas Blue Cross recommends following the National Uniform Claim Committee (NUCC) guidelines located on their website at nucc.org.

2016 Dental Fee Schedule

Arkansas Blue Cross and Blue Shield has conducted its annual review of our dental fee schedule. Our analysis shows that our current reimbursement remains competitive with other dental plans in Arkansas. For this reason, and to maintain the affordability of dental care for our members, we've decided to keep the PPP fee schedule at its current levels for claims with dates of services on or after January 1, 2016.

The 2016 PPP fee schedules have been updated to reflect the new 2016 CDT codes and are available online. You'll find the 2016 fee schedule posted on Arkansas Blue Cross' website in the section for providers. Arkansas Blue Cross will continue its annual review of the fee schedule to ensure that the PPP fees remain fair and competitive.

Billing D codes for medical claims

Providers need to bill

D codes for medical claims with the exception of out-of-state claims. If you receive a rejection, call customer service first. The number will be located on the back of the members' ID card. Ask for a re-review. We are here to help, but these are the processes that need to be followed before calling your provider representative.

Billing Medical Claims

It has become a challenge for some of our dental providers to file medical claims. We have a solution we think will make it easier for you to file services on medical claims. Submit services on the medical claim (CMS 1500) with ICD-10 diagnosis codes and the medical plan member ID number, but bill with dental codes (D codes). Our systems will accept the dental codes and make the filing easier for you! Always bill your procedure and anesthesia to match in coding; i.e., D6010 with D9220 (or D9243 beginning in January 2016).

Billing Medical Claims for Implants

When billing for implants, use the medical claim form but use the dental implant codes. We have seen a problem with filing the implants with CPT code 21248 or 21249. Unless you have rebuilt the maxilla or mandible with bone from the hip, leg, etc., bill the implants with dental implant codes. Implants replace teeth, not the maxilla/mandible.

Anesthesia Billing

Remember beginning January 1, 2016, bill IV moderate (conscious) sedation/analgesia as D9243, replacing D9220 and D9221 codes, which have been deleted from the ADA Dental Code Book for 2016.

PID YOU KNOW?

Once the yearly max of a member's contract has been met, you are allowed to bill your fees. You are no longer held to our fee schedule.
